

Gault Archeology Trip

When: 02/04/2017

8:45 am check in begins

9:00 am Tour Starts

Note: It takes a full hour to get there from Austin Nature Center (as a reference point). Please leave enough time to drive! Full agenda is attached as a PDF.

Getting there:

Gault site: Map image and written directions (PDF attached)

This is definitely our farthest class, so please make a special effort to carpool.

Double point for carpooling there.

For you (dis)comfort:

- No water available on site. We will have some Ozark gallons and more cubes of coffee. Sorry again, tea drinkers
- Snack-bringers please make portable snack if possible. Thanks!
- Port-a-potties on site, no flush toilets. In fact, no running water at all. Be prepared!
- This will be primarily a walking class. If you have a chair you can easily hike with, bring it. At worst, be ready to sit on the ground, find a biggish rock, etc. This is a roughing-it class at an ancient site.

Bring:

- Definitely a lunch. Nothing opens for food within miles.
- Drinks; note-limited water.
- Loupe (you will find tones of artifacts strewn about)
- Something to sit on, if it is very portable.
- Hat (we will be outside all day)
- Hiking apparel (the grass can be quite high, and in a few places it is rough terrain. Probably muddy too.
- \$30.00 if you would like to purchase Dr. Turner's book and have him sign it. What a treat!
